

# 14<sup>th</sup> International Conference on Polarized Neutrons for Condensed Matter Investigations

## Topics:

- Multiferroics and chirality
- Strongly correlated electron systems
- Frustrated and disordered systems
- Quantum materials
- Magnetic nanomaterials
- Thin films and multilayers
- Soft matter
- Imaging
- Polarized neutron instrumentation
- Polarized neutron techniques and methods

## Invited Speakers:

- Earl Babcock (JCNS)
- Andrew Caruana (STFC)
- Juan Colmenero (U. Basque Country)
- Peter Falus (ILL)
- Sergey Grigoriev (PNPI)
- Ursula Benggaard Hansen (ILL)
- Bin Hu (U. Tennessee)
- Fankang Li (ORNL)
- Yuan Li (Beijing U.)
- Yusuke Nambu (Tohoku U.)
- Gøran Nilsen (STFC)
- Jacob Overgaard (U. Aarhus)
- Markus Strobl (PSI)
- David Voneshen (STFC)

## Deadlines:

Submission of abstracts: April 29, 2022

Notification of acceptance: May 22, 2022

Early registration: June 27, 2022

Registration fee: \$575

Student fee: \$300
